Magsaysay Perishes In Cebu Plane Tragedy

Scranton Next On Senate Probe List

Signal Depot Construction To Be Aired

SENATE PROBERS are expected to examine indictments of several labor leaders in connection with alleged irregularities during construction of the \$33-million Tobyhanna Signal Depot.

Senate Rackets Committee in Washington prepared to shift its investigation of labor practices to the Scranton area from the West Coast.

This was announced yesterday by Sen. McClellan (D-Ark) chairman of the committee which is still conducting hearings on conditions in Portland, Ore.

Other committee sources said the Portland investigation may be concluded this week, following which the committee will recess before resuming operations here about April 1.

Three officers of Local 229 of the General Drivers and Helpers Union, an affiliate of the Teamsters, have been subpoenaed to appear before the investigators. They are John A. Durkin, financial secretary-treasurer; Joseph J. McHugh, and Robert F. Malloy, business agents.

Sen. John J. McClellan, committee chairman, reportedly was highly interested in the Tobyhanna probe. A Federal grand jury has been investigating alleged irregularities at the installation for almost a year.

As three of its officers were about to testify before the Senate committee, offices of Local 229 were burglarized early Saturday. Police said about \$1,000 in cash and \$800 in checks were taken.

Committee investigator Laverne J. Duffy declined comment when asked if the Senate body had subpoenaed the local's records.

Pope Praises Eisenhower, U. S. People

VATICAN CITY, March 17 (AP)—Pope Pius XII today praised President Eisenhower and the American people for relying on the "simple, informal, unfeigned expression of good will" as a key instrument in settling international disputes.

The Pope made his views known during a half-hour private audience with Vice President Nixon in his private study in the Vatican Palace.

Nixon said afterward he delivered a personal letter from Eisenhower to the Pope. He said the Vatican would make it public later.

No Change

The vice president said also he anticipated no change in the policy of the United States of not accrediting an ambassador to the Holy See.

"There was no discussion of that subject," Nixon told reporters.

Nixon said that during a private conversation with the Pope "we discussed the international situation, and we reviewed at some length the situation in Africa, Asia and Latin America."

The vice president said the pontiff "recognized the trend toward self-government and economic progress in Africa and the very substantial effects it would have on the situation in the world between the forces of freedom and communism."

Lenten Meditation

"THEY that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles;" Isaiah 40:31.

One does not generally turn to the Old Testament for guidance and inspiration during the Lenten season, because Lent is associated with a particular period in the life of our Lord and Savior Jesus Christ.

However, the Christian must bear in mind that Christ himself found a great deal of spiritual strength as he came face to face with the writings of the Old Testament.

In Isaiah, for instance there is a constant challenge issued to people to recognize the power and goodness of God and His readiness to stretch out His hand to assist us in the midst of diffi-

Israel Directs Blame At U. N.

NEW YORK, March 17 (AP)—Israeli Foreign Minister Golda Meir today accused the United Nations of direct responsibility for the presence of Egyptian military personnel in the disputed Gaza Strip.

The situation, she said, "spells danger to the security of Israel."

Mrs. Meir made the charge during a stopover here en route to Washington for emergency talks with Secretary of State John Foster Dulles on the worsening Middle East crisis.

Asked if Israel felt it was "sold out" by the United Nations because of the Gaza events and if Israel had lost faith in the U. N., she replied grimly:

"We will wait a day or two. We are not a nation that easily loses faith."

Situation

The whole situation, Mrs. Meir added, "spells out danger" to her government. However, she said, Israel has decided that "before taking any decision it will try to clarify what has taken place" and what the future plans for the area may be.

Referring to her forthcoming talks with Dulles, the foreign minister said, "We have had discussions, clarifications—with the United States—and we would like to go back to them."

Asked if Israel would consider taking military action because of the turn of events in Gaza, Mrs. Meir replied that her government would consider the possibility "very gravely" and then make a decision.

Mrs. Meir flew here from Paris where she conferred with French Premier Guy Mollet.

The U. N. Emergency Force withdrew its troops today from checkpoints along the southern Gaza Strip road to this city.

The force also planned to get out of its headquarters in the Gaza police station and let the Egyptians move in.

Maj. Gen. Mohammed Hassan Abdel Latif, who moved in last Thursday as Egyptian governor general to take over Gaza's civil administration, has said he would set up his own headquarters in the building.

Egypt is insisting UNEF confine its operations to guarding the armistice line between the Strip and Israel.

There was no visible sign of tension in the Gaza Strip despite the death Saturday of a Palestine Arab said to have been fired on by a Danish guard.

James C. Hagerty, White House press secretary, sent word to destroyers that Eisenhower and Goodpastor discussed plans for the President's conference in Bermuda this week with British Prime Minister Harold Macmillan.

The twin-engine plane plowed into the wooded mountain about 10 minutes after it took off from Cebu City in good, moonlit flying weather for Manila. One newsman aboard survived and was brought out by farmers.

The newsman, Nestor Mata of the Philippine Herald, declared flatly from a hospital bed that Magsaysay was killed.

Newsman and officials flying over the scene about 380 miles south of Manila told of seeing burned tree trunks and splintered, silver plane wreckage strewn down the mountainside.

About 200 Philippine constabulary troops worked their way up the steep slopes of 3,000-foot Mt. Lantoran, northwest of Cebu City. They had not yet reported from the scene.

In Tokyo, Philippine Ambassador Fello Neri said he learned at the U. S. Embassy that the U. S. helicopters reached the wreckage. "Identification will be very difficult," he told newsmen.

Neri also emphasized there was no official confirmation of Magsaysay's death but added: "Judging from the late reports it looks very bad."

Mayor Sergio Osmeña Jr. of Cebu City flew over the scene in a helicopter and said he saw no signs of life.

The leaderless country awaited the arrival of Vice President Carlos P. Garcia, speeding home from the SEATO conference in Australia.

Government officials said they did not rule out the possibility of Communist sabotage of the plane bearing the strongly anti-Communist President.

Filipinos wept and prayed for Magsaysay, 49, a popular, Western-minded statesman whose loss could throw this Asian nation into political turmoil, and for his companions, a group of officials, legislators and newsmen.

Gerson, slated to become tomorrow the executive editor of the Daily Worker, Communist newspaper, said Hoover's "real objection is to the political direction of the convention."

"The 1957 Communist party convention," said Gerson, "dealt a heavy and effective blow to the inspired myth that the Communist party is some foreign-controlled conspiracy..."

"This true picture, of course, smashes the hoary Hoover myth and makes him rage against Communists, radicals and what he calls 'pseudo-liberals' who stand for the Bill of Rights."

"But perhaps the most sinister point about the Hoover letter is that Mr. Hoover is setting himself up as a political censor, to determine what political ideas or associations are legal and what are not."

The Western Conference now is headed by Frank Brewster of Seattle, who was a witness last week before the special Senate committee investigating rackets.

Beck appeared on the nationwide television show while waiting for the fixing of a date for his own appearance before the committee.

The teamster leader said that a justification for the loans was that "I gave hundreds and thousands of hours of extra time to the Western Conference."

Mansfield Calls For Boycott Of Suez Canal

WASHINGTON, March 17 (AP)—Sen. Mansfield (D-Mont) called today for a free world boycott of the Suez Canal and emergency action by the United Nations if Egyptian troops reoccupy the Gaza Strip.

Mansfield, the assistant Democratic leader, made these proposals in a "memo to the Middle Eastern situation" prepared in advance for a scheduled appearance of Secretary of State Dulles before the Senate Foreign Relations Committee tomorrow.

Dulles has arranged to report on the Southeast Asia Treaty Organization conference which he attended last week in Australia, and on President Eisenhower's forthcoming meeting with British Prime Minister Harold Macmillan in Bermuda.

However, Mansfield made it clear he expects the secretary to be questioned closely about possible American reaction to the moves of Egyptian President Gamal Abdel Nasser in Gaza.

Foreign Relations

Mansfield, a member of the Foreign Relations Committee and of a special committee to investigate the background of the Middle East conflict, said in his memo that the United Nations must retain the "exclusive right" to administer the Gaza Strip.

"The United States and the majority of the United Nations members were responsible for persuading Israel to withdraw its troops from Gaza and the Gulf of Aqaba areas," he said. "We have an equal responsibility in seeing to it that the Egyptians do not force a showdown through the return of Egyptian armed forces and civil administration."

"If the Egyptians send troops back into Gaza, there is no question but that there will be trouble and that in all likelihood the war between Israel and its neighbors will once again be resumed."

President Wears Green Carnation

ENROUTE WITH EISENHOWER, March 17 (AP)—President Eisenhower observed St. Patrick's Day today with a green carnation pinned to his coat lapel.

It was put there after chapel services aboard the cruiser Canberra by Boatwain Jack McAndrew, of Scranton, McAndrew, who has been in the Navy 10 years, said his grandparents came from County Mayo in Ireland.

U. S. Mourns Loss Of Staunch Ally

WASHINGTON, March 17 (AP)—The United States mourned the loss of a great Asian leader and a staunch ally today in the death of President Ramon Magsaysay of the Philippines.

Even before final confirmation of the air tragedy, President Eisenhower expressed his "great personal concern."

The President subsequently issued a formal statement in which he said:

"In the tragic death of President Magsaysay the people of the Philippines Republic as well as those of the United States and the entire free world have lost a valiant champion of freedom."

"I had been looking forward to meeting with President Magsaysay in Washington to reaffirm the close and affectionate ties all Americans have with his people."

The Philippine Embassy was flooded by messages of condolence and sympathy from Americans in all walks of life.

Philippine Ambassador Carlos P. Romulo said, "The United States has opened its heart to the Philippine people in an unparalleled expression of grief."

Beck Defends Borrowing Of \$400,000 From Union Funds

TACOMA, Wash., March 17 (AP)—Teamster President Dave Beck said today he had borrowed \$300,000 to \$400,000 in union funds during the past 10 years, but that "every bit has been repaid."

Beck declared on a CBS-TV program, "Face the Nation" that the unsecured loans were justified because there was no possibility of the union losing anything on them, and the money was from open bank accounts that were not drawing interest.

Beck said that over the same period he was getting loans from banks for some of the investments that have made him well-to-do.

Beck narrowed this span to the years 1947-52 when he said the loans all were made before he became International Teamsters president 4½ years ago.

Western States

At that time he was president of the Western Conference of Teamsters, which embraces the 11 Western states, and it was from the Western Conference that he borrowed the money.

He said he did not have to pay any interest on the loans because the conference executive board "held there should be no interest charge." He added:

The Western Conference now is headed by Frank Brewster of Seattle, who was a witness last week before the special Senate committee investigating rackets.

Middle East Papers Brought To President

ENROUTE WITH EISENHOWER, March 17 (AP)—President Eisenhower's national security aide today brought him secret reports from Washington on latest developments in the new Middle East crisis.

The reports were flown to Eisenhower aboard the Navy cruiser Canberra by Brig. Gen. Andrew J. Goodpastor. The aide arrived alongside the warship by seaplane in midafternoon and spent about two hours and 15 minutes with the President before returning to Washington.

James C. Hagerty, White House press secretary, sent word to destroyers that Eisenhower and Goodpastor discussed plans for the President's conference in Bermuda this week with British Prime Minister Harold Macmillan.

Lingering Hope Fades As Brother Identifies Body

MANILA, Monday, March 18 (AP)—President Ramon Magsaysay's charred, burned body was found today by rescuers in the wreckage of his plane on Cebu Island.

The popular President's body was identified by his brother, Jesus, who flew to the scene in a helicopter.

This blasted the lingering hope of his family and staff in Manila that he might have survived the fiery crash on a Cebu mountain Sunday.

The crash also killed 25 others in his party. One passenger on the ill-fated plane, a Filipino newspaperman, miraculously survived.

He was brought out by farmers.

A sorrowing Philippines awaited the arrival of Vice President Carlos P. Garcia, who will be sworn in as the young republic's new president.

Garcia was flying in this afternoon from Australia, where he had attended a SEATO conference. He will serve until another president is named in the regular elections in November.

Magsaysay, who won the presidency by a landslide in 1953, was a candidate for re-election and had been considered an overwhelming favorite.

An assistant in the presidential office said the bodies of Magsaysay and three of his close associates were found in the presidential compartment immediately behind the crew's quarters.

Legion Anxious To Reduce Road Hazards

NEWFOUNDLAND—"We want action before there is another fatal accident", members of Phillips-Zacharias-Phillips Post 859, American Legion announced in a resolution to seek State Highway Department action in eliminating dangerous road and bridge conditions in this area.

"The community has much cause for concern, particularly in the Greentown area where Joseph V. Orchard died at the site of a washed out bridge early this year," they pointed out.

Also cited was the fact that Greentown residents on the road connecting Routes 507 and 380, living only a block from the post office, must travel miles around the countryside to get to the post office because the bridge has never been replaced after it was washed away in the flood of August, 1955.

The Legionnaires, meeting under the leadership of Commander Weldon Hector in the post home, also discussed a project to honor the athletes of Greene-Dreher-Sterling Joint High School who have won the Wayne County basketball championship.

Committee

Cmdr. Hector appointed S. Elmore Hang and Richard Osborne to a committee to plan "something special for a fine ball club, one of which the community is justly proud."

The July 1 to 6 carnival, the post's major fund-raising activity for 1957, was discussed at length. The members also voted to again send a boy to Keystone Boys State at Lock Haven State Teachers College from June 23 to July 2. This is an annual project with the post, and the boy is chosen for the honor by his classmates and the faculty, from among the Junior Class students.

Noting that March 15 was the birthday of the American Legion, Cmdr. Hector announced that the State organization has reached three-quarters of its membership goal for 1957, and that the local post has "gone over the top" in its membership drive. However, he said that the "ask your neighbor" by-word for increased membership is still in effect.

Richard Osborne served as acting chaplain and John Robacker as acting color-bearer. The latter gave an interesting report on the trip to New York City recently.

The next meeting of the post will be held on March 28.

60 Local Children Attend Circus

THOUSANDS of underprivileged children from Northeastern Pennsylvania, who otherwise would probably never see a circus, were entertained under the Big Top in Wilkes-Barre last Wednesday through Saturday by the Irem Temple Nobles of the Mystic Shrine.

The Shrine circus was produced by the Polack Brothers, and transportation, meals and admission were furnished by the Nobles without cost to the children.

Hundreds of busloads traveled to Wilkes-Barre during the four day period, including some from as far distant as Jersey Shore.

Local Irem Temple nobles, operating as the Pocono Shrine Club, furnished transportation, food and circus tickets for 60 Monroe County youngsters last Saturday.

Capt. Charles Baker and his assistant, Edward Reinheimer, brought the children to the East Stroudsburg Salvation Army Citadel. From there, a bus operated by Leslie Drake.

Conference To Open At Buck Hill

BUCK HILL FALLS—More than 425 Methodist ministers will attend the fifth annual Philadelphia Area Preaching Convocation which opens at the Inn here at 2 p. m. today. Sessions will continue through tomorrow.

The convocation, which is sponsored by the New Jersey, Philadelphia and Wyoming conferences, will be opened by resident Bishop Fred Pierce Corson.

Three Lectures
During the convocation, Bishop Corson will deliver three lectures on the subject: "The Church—Its Nature, Service and Message." Dr. Edward Nason West, canon of the Cathedral of St. John the Divine in New York City, will also deliver three lectures. His topic will be "Ritual, Symbol and Art in Christian Worship."

Dr. Howard Thurman, dean of Boston University's School of Theology, will speak on "The Devotional Life of the Minister." In 1953, Dr. Thurman was named as one of the 12 outstanding preachers in the United States.

Sales Tax Plan Defended

HARRISBURG, March 17 (AP)—The chairman of the Senate Finance Committee today defended a proposed revision of the sales tax law as necessary to prevent what he termed "freakish interpretations" by the Leader administration.

Sen. Kessler (R-Lancaster) took the position that new exemptions for manufacturers and public utilities were originally intended when Republicans pushed through the 3 per cent sales tax law in 1956.

Firemen Building House For Area Training School Activity

Classes To Take Place In May

MONROE County Firemen put in hours yesterday building a house they fully intend to burn down.

The "home" is located on the Burgoon property on Route 90 in Stroud Township. It is being constructed to give firemen better actual training in the fighting of various kinds of fires.

During the Monroe County Fire Training School May 4-5 the house will be burned. Other fires, caused by varied components (such as oil, gas or chemicals) will be set in pits at other locations. All will give firemen experience in fighting fire a specific way.

Major Role

Also scheduled to play a major role in the Fire School will be the Fire Drill Tower located on the Acme Hose Co. grounds, Day St., East Stroudsburg.

Harvey Burris, president of the County Firemen's Association, said that the two-room dwelling was completed yesterday. It will provide training in "concealed, open, roof, side and slope" fires, he said.

Two pits—one 30 feet, the other 15 feet—were made for oil and fuel fires, he said. Firemen also cleared the area with a bulldozer. Burris said, constructed a pumping station ramp at the creek and made excellent progress on other phases of work. Next Sunday work will also be done on the Day St. tower.

Richard MacDonald will direct the fire school. Other officers of the Association are Harold Albert, vice president and Jay Snover, secretary-treasurer.

Schnaitman In Quest Of Council Post

WILLIAM H. Schnaitman of 602 N. Courtland St., East Stroudsburg, will seek the Republican nomination for council in the Sixth Ward, it was announced yesterday.

Schnaitman who graduated from Bangor High School is a veteran of World War II. He enlisted in the United States Army and served in the European Theater of War. He earned five stars in battle and at the time of his honorable discharge had attained the rank of sergeant.

Married

He is married to the former Lorraine Vinyard, owner and operator of Lorraine's Beauty Shop in East Stroudsburg, and for the past 22 years he has served as a meat cutter with the Great Atlantic and Pacific Tea Co. He is at present the Republican committeeman in the Sixth Ward.

Three County Men Admit Burglaries

A TRIO of Monroe County men pleaded guilty to several counts of burglary during arraignments before John Foelker, Stroudsburg Justice of the Peace on Friday.

The three were returned to the Monroe County Jail to await the next term of court.

Charges

Each is charged with stealing tons of canned meats and other items from three resorts and a summer home in the county. Most of the stolen goods have been recovered.

One defendant, Lewis Williams, 32, of Stroudsburg RD 3, was arrested by state police Friday. The others, Bruce Hoover, 28, of 613 1/2 Sarah St., and Edward Barton Jr., 32, of 9 Howard St., Stroudsburg, were arrested last week. The men were held in the county prison until the arraignment. State Troopers Peter A. Walsh of the Stroudsburg Substation and Homer Jones of the Mount Pocono Substation were the investigating officers. The troopers said that besides the food, seven radios, power tools, bedding, rifles and clothing were also recovered.

Troopers reported four places were entered. They were Percy Crawford's Pinebrook Bible Conference (Shadbrook Division) in Stroud Township; Lone Pine Inn, Henryville; Paradise Valley Inn, and the Paradise Valley summer home of F. Earl MacVaugh, Philadelphia. MacVaugh's place was entered twice, troopers said.

Two Killed Last Day Of Furlough

MONTROSE, March 17 (AP)—Two soldiers on the last day of a 15-day furlough were killed in an automobile accident yesterday at Birchardville, a few miles west of here.

George H. Parmalee, 20, of Birchardville, and Michael J. O'Dwyer, about 20, of San Francisco, Calif., died instantly when their car missed a curve and smashed into trees and a utility pole.

Dickson City Woman Hurt In Accident

FERN RIDGE — A 23-year-old Dickson City woman was injured in a two-car collision at the Blakeslee Corner intersection at 5 p.m. yesterday. Damage totaled \$1,000.

Miss Theresa Eleanor Valonis was taken to the Wilkes-Barre General Hospital in the Tobyhanna Fire Co. ambulance. She was treated for multiple cuts of the face and head, and contusions and abrasions of both legs.

Route 940

Miss Valonis was driving west on Route 940 in a 1955 sedan, owned by Norton L. Greening of Dickson City, when it crashed into a 1957 auto, operated by Lawrence Burnan, 56, of Upper Black Eddy, who was proceeding north on Route 115. Both cars met at the intersection, Fern Ridge State Police reported.

Troopers said the investigation is being continued.

Legislation Aimed At Road Building

HARRISBURG, March 17 (AP)—The Senate tonight was asked to boost by one cent the amount of money from each gallon of gasoline tax which is diverted to municipal road building.

Under an administration bill the return to the municipalities for roadway improvement would be increased from 4 1/2 to 5 1/2 cents out of every six cents state tax paid on a gallon of gasoline.

"This of course, is predicated on the premise that we will retain the six cent gasoline tax and not drop it to five cents as the House has asked," said Sen. Lane (D-Washington).

Bill

The House has passed and the Republican-controlled Senate indicated it will approve a bill that would eliminate the extra cent tax effective June 1. That would drop the state tax to five cents a gallon.

The tax was imposed as an emergency measure to help rehabilitate roads and bridges destroyed by floods.

At the same time, the Pennsylvania League of Cities meeting in Harrisburg urged the Legislature to retain the extra penny tax and use the money for local street repairs.

The league also asked that the formula for distribution of the money to cities, boroughs and townships be changed from 60 per cent mileage and 40 per cent population to a 50-50 basis.

Sportsmen To Discuss Deer

HARRISBURG, March 17 (AP)—Pennsylvania's organized sportsmen will again focus their attention on the whitetail deer as the prime topic of their semi-annual meeting here March 29-30.

More than 10 separate resolutions concerning deer will be put before delegates of the Pennsylvania Federation of Sportsmen's Clubs meeting. The group represents clubs across the state having a total membership of some 180,000 hunters and fishermen.

Most of the resolutions deal with the problems of antlerless deer hunting, while several affect bow and arrow hunting—a rapidly growing branch of hunting in Pennsylvania.

A total of 53 resolutions on state forests, pollution, fish, game and administration will be presented to the meeting from the organization's eight regional divisions. Some of the resolutions are contradictory.

William Dildine Appointed Monroe County National Wildlife Week Celebration Chairman

"HOMES for Wildlife."

That's the theme for 1957 National Wildlife Week, being observed hereabouts and elsewhere this week.

The three words printed above in quotation marks bespeak a conservation problem, according to William Dildine, who has been named National Wildlife Week Chairman for Monroe County.

"The problem centers in the fact that our feathered and four-footed friends of the wild need homes to survive, and what people have done to wildlife habitat shouldn't happen to a dog. And as a matter of fact, it hasn't, because dogs can live in the back yards, gar-

ages, basements or living rooms of human houses, but wildlife can't," said Dildine.

Require Homes

"Deer, bear, rabbits, squirrels, quail, grouse and other wild creatures require homes in the woods and fields and marshes in order to survive and rear their families. Even the fishes that are so dear to the heart of the angler need more than water to find a home. If the homes are cut, burned, drained, silted or polluted, the result is obvious: No wildlife! It is, in fact, all too obvious in too much of America."

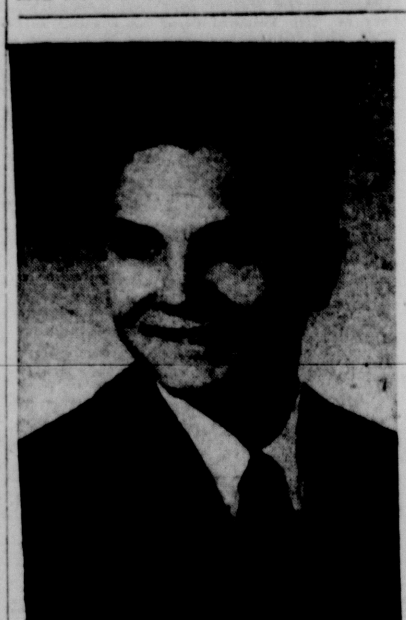

That is the reason for having National Wildlife Week, according to Chairman Dildine. The purpose is to get more people thinking about conservation problems and fired up to do something about them. The Week has been sponsored annually since 1938 by the National Wildlife Federation of Washington, D. C., and its affiliated State Federation and local conservation clubs.

Each year a special conservation problem is emphasized. This year it is the housing shortage for wildlife. Every citizen can find ways to make new wildlife homes, to restore wildlife habitat that has been destroyed, or to protect the existing habitat, Dildine said.

Jesse James Film Reenacted By Pair

BINGHAMTON, N. Y., March 17 (AP)—Police said today they had two "solid clues" to the identity of two crew-cut young men who held up a downtown theater late last night while an audience watched the exploits of Jesse James on the screen.

The pair escaped with about \$1,400 in receipts of the Riviera Theater after tying up the assistant manager and gagging him.

Joseph Meisol, Stroudsburg, Succumbs

JOSEPH MEISOL, 71 of 100 Broad St., Stroudsburg, died at 3:30 p.m. yesterday in his home.

He was a former highways superintendent in Milford, Pike County, under the administration of Gov. Gifford Pinchot and had also served as chief caretaker at Pinchot's Gray Tower estate at Milford.

A retired foreman of the Erie Water Co. he moved to Stroudsburg 10 years ago and was employed by the Penn Stroud Hotel.

Family

Born in Newark, N. J., he was the son of the late Albert and Elizabeth Meisol. He is survived by his wife, Mae; a sister, Mrs. Minnie Schieler, Newark, N. J.; a brother, Edward, also of Newark.

He was a member of St. Matthew's Roman Catholic Church and the Holy Name Society of that church. Requiem High Mass will be conducted at the church at 9:30 a.m. Wednesday with Rev. Harold G. Durkin saying the mass. Interment will be made in Gates of Heaven section, Laurelwood cemetery.

Rosary service will be conducted Tuesday at 8 p.m. at Dunkelberger and Westbrook Funeral Home where friends may pay their respects after 7 p.m.

New Threat Of Strike

SCRANTON, March 17 (AP)—A warning that another milk strike is brewing in this area was sounded by a dairy farmer testifying at a Pennsylvania Milk Control Commission hearing here today.

"This one will be lots worse than the last one," said William Schweinsburg, 43, Waymart R.D. 2, referring to a strike of producers Feb. 25 to March 3 called to win a boost in the price of milk shipped to the New York city metropolitan market.

Structure

The price structure in the Scranton-Wilkes-Barre market was under review at today's hearing, attended by more than 100 persons.

Schweinsburg said a seasonal 40-cent decrease scheduled April 1 in the price of milk per hundredweight "might be the straw to break the camel's back."

Instead, the Waymart farmer suggested that the decrease be rescinded and an increase be put into effect next September.

What Does God's Law Say— "BETWEEN The Lines?"

Few Christians will deny that the Ten Commandments are God's design for human conduct. Some so-called Christians think they are our-moded.

But how many know what they really mean?

"Thou shalt not steal," for example, obviously forbids robbery, burglary and embezzlement. What many evidently do not realize is that this Commandment also forbids evasion of just debts, bribery to gain political and business advantages, lending money at usurious rates, and other sharp practices which are often dishonestly excused as "smart business."

The Commandments speak only in broad, general terms. Their full meaning can be understood only in the light of the teaching of the New Testament. "I am the Lord, thy God; thou shalt not have strange gods before me," is taken by some to mean only that they must believe in a Supreme Being. Actually, it obliges us to prayer, gratitude, hope and worship, even though these words are not mentioned.

Most Christians agree that The Lord's Day must be kept holy. Yet there is a wide difference of opinion as to how this should be done... indeed, there is even some disagreement as to when the Lord's Day should be observed.

When God said "Thou shalt not kill," He was not warning mankind merely against murder due to greed, lust or vengeance. He was telling us plainly that He, Who alone had the power to create human life, was reserving for Himself the right to take it away. And He made no exceptions for deliberate abortion and the so-called "mercy killings" which some Christians seek to justify today.

A wide variance of opinion also prevails as to the meaning of the Commandment: "Thou shalt not bear false witness against thy neighbor." Some apparently think this is a prohibition only against perjury in a courtroom. Actually, it is a warning against lies of all descriptions and all acts of commission and omission which injure the good name and reputation of another.

You hear people say, with smug assurance: "I keep the Commandments—that's enough." And it would indeed be enough if they truly understood what the Commandments require. But we must read "between the lines" if we are rightly to understand God's instructions and to live according to His design. If you want to be sure... if you want to refresh your mind on the true and full meaning of God's rules of life... write today for our free Pamphlet No. KC-12. It will be sent to you in a plain wrapper, and nobody will call on you.

Polio Season Starts Soon; All Persons Under 40 Years Old Should Be Inoculated

Suppose someone took you aside and said, "You have an enemy who may waylay you and cripple you for life. But I know how you can stop this enemy. You'll have to act fast. It won't cost much money, perhaps nothing, and it will take only 180 seconds of your time."

If you knew the facts were true, you'd take him up on it, wouldn't you?

Well, the facts are true. The enemy is paralytic polio. If you're under 40 years old, you're a possible victim. If polio strikes, you may face a life shattered by disease and disability.

There is no cure for paralytic polio, but there is a way to prevent it. The preventive is the Salk vaccine. It is safe and it

works. Three properly spaced shots — at 60 seconds a shot — give you protection.

Of 105 million Americans in the susceptible age group, only about half of them have been smart enough to get this protection.

In Monroe County, thanks largely to the free, mass inoculation program, almost all children of school age have had at least one shot. But only a small percentage of persons in the 18 through 40-year group have been immunized.

Don't be one of the foolhardy ones who have neglected their anti-polio shots. The polio season starts soon. You still have time to safeguard yourself and your family if you act at once. Go to your doctor now — before it's too late.

Wildlife Week Observance Calls Attention To Wise Use Of Our National Inheritance

This is National Wildlife Week. It is an occasion for thoughtful appraisal of our progress in learning to live with the land.

At a time in history when nations and peoples of the world are divided into military alliances, the significance of man's relationship to his lands — soil, water, plants and animals — is oftentimes not easy for us to see. We forget that depletion of those resources has been the source of most conflicts between peoples.

We face an alarming acceleration of world population growth — currently at the rate of 25 million people annually.

With each person's allotment of space on earth shrinking by the second, shouldn't we in this country give careful thought to the problem of taking care of the resources which satisfy our living needs?

Or is that too much to expect from a people who enjoy the world's highest living standard and the many "creature comforts"

which rich lands and the age of automation have provided?

This year's National Wildlife Week theme, "Homes for Wildlife," focuses our attention on the requirement of wildlife for proper living places where food, cover and protection from weather and enemies is provided in proper combinations.

But, like us, our birds and fish, mammals and other wild creatures depend on soil, water and plants to live. Modern man faces destruction from two sources: (1) warfare waged with all of the violence of the atom and micro-organism; (2) the destruction of the basic resources which provide food for his table, clothing for his body and other necessities for living.

His ability to learn to live with and care for the land may determine his success or failure in learning to live with other peoples of the world.

George Sokolsky Says... U. S. Elections Described For Red Chinese Who Have No Choice When Going To Polls

For a long time, it has been clear that not only do Americans have little understanding of other peoples, but that they also have little understanding of their own.

People despise the propaganda among us to love our neighbors, but that nowhere is our system of life and government understood, although we have spent billions of dollars trying to explain ourselves to others. We have sent thousands of missionaries, teachers, physicians, and businessmen to China during the past century but the Chinese people are being told, over the radio, that our system of elections is undemocratic and there is no residue of friendship for us and our system left to cause them to believe that what their government says about us is untrue.

The first reason given for the statement that our elections are undemocratic is that each state has its own election law which places limitations upon the voter. The Chinese have discovered that these limitations number 60. The Chinese people, with or without limitations, have never held a national election of any kind.

I quote from this government-sponsored broadcast from Peking: "For example, the election law of the states prescribes that the voter has the right to vote only when he or she has resided in that state a required length of time. Some states require the voters to have a minimum of

property, a certain educational level, a certain religious belief, or to pay a poll tax. The southern states of the United States also limit the voting right of Negroes. For example in some of these states, 50 to 75 percent of Negroes have no voting right."

It would be difficult for this authority to uphold this paragraph. For instance, in which state must a voter hold to a particular religious belief? And what is the objection to a voter knowing how to read, except that in China the illiteracy is so high? The broadcast then proceeds:

"The American financial giants frequently contribute their money to the reactionary groups like the Ku Klux Klan and the American Legion?" which prevent certain citizens from voting by obstruction or threat. Because of these provisions and practices, the vote; cast are usually only one-half of the number of registered voters."

Since when does the American Legion engage in such activities? And why must a citizen vote if he chooses not to? The main objection to our elections by the Red Chinese, it would seem is that the Republicans and Democrats represent the two-party system and that the Communists do not manage to get themselves elected to anything. That is just too bad, but Red China is a monolithic country which does not tolerate opposition parties, although there are some splinter groups which always agree with them in power. The Peking broadcast makes this rather startling explanation as to why Communists are not elected:

"The most interesting case is the election of the House of Rep-

Fairly Spoken By MARGARET LATROBE Acts Of Quiz Wizards Portends Exciting Age

There are so many angles to the Charles Van Doren TV story a columnist could keep busy for weeks.

What next for this bright young man? And who said college professors NEVER get rich?

Thirty or 40 outright proposals of marriage have been received by Mr. Van Doren, along with many more subtle bids for friendship from members of the fairer sex. Well, Mr. Clark Gable is getting into his fifties. Time the girls had a new target.

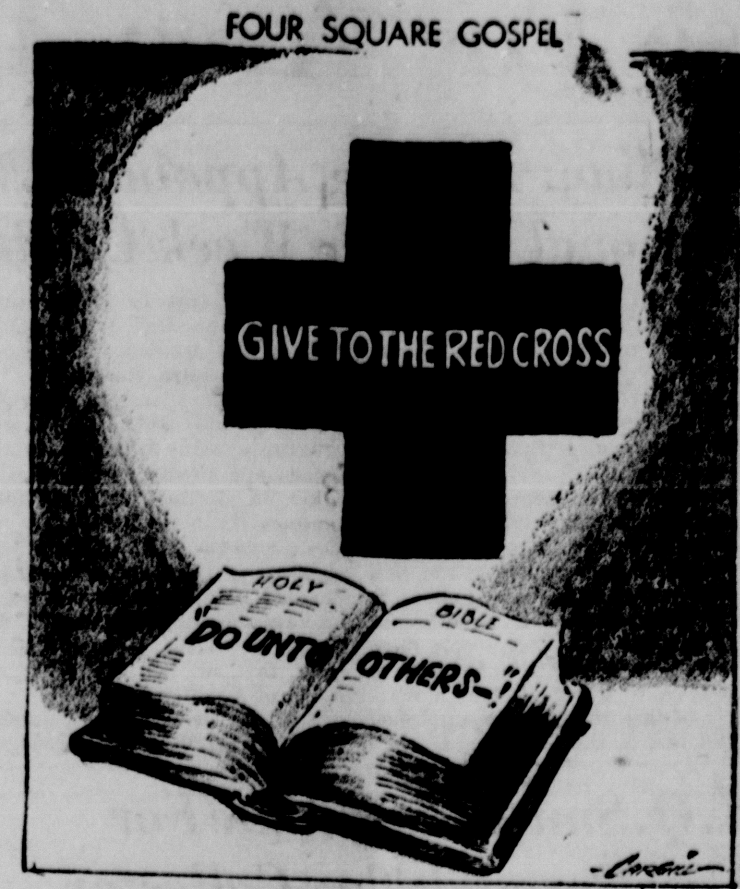

Another angle is the good work done the cause of education at the hands of this charming professor. Youngsters adore him. They beam upon Greek mythology and higher mathematics, confounding parents who had about given up such crazy dreams of scholarship for their young. Mothers of small tots, we hear, have wakened the sleeping babes to impress them with the sight

of Mr. Van Doren donning ear-phones for the fast one. Balearic Islands? Prime ministers of Britain? We ones shouldn't miss the witching hour.

The tax angle is wild beyond imagination. However well deserved these fabulous winnings, Charles keeps only a fraction. Few quiz shows have got the word on distributing monies over a winner's lifetime; hence off it goes to Washington to await shipment abroad.

Most intriguing of all is the contrast between the two mental wizards, Van Doren and Teddy Nadler. The latter, on another show, has dumfounded and defeated authorities in all but two fields of learning. Mr. Nadler completed only eight grades of school, cannot pronounce many of the names and places his mind records. Yet he read widely and forgot nothing. As he explains it, some have his kind of mind and some do not.

Nadler was apparently unable to apply his factual knowledge to his livelihood which until recently was manual labor requiring no skill. Van Doren, on the other hand, has quite another type of mind; he learned and remembered

Dear Sir:

Elections and candidates will be in the news until elections are over. We will get many promises as usual, some never to be kept by a few candidates who consider the voter a very important person "before elections."

The people of our two boroughs are entitled to a break. They deserve a Mayor who is not satisfied to let things run themselves, they don't! Someone always runs them, sometimes not to the advantage of the taxpayer. If we need slogans to live by, such as, "a living for those living here" then let's get some.

What we need and need very badly is "New Industry" to bring new life in our two boroughs. People are running away, or contemplating to do so, because of "no work here." Some travel as much as 200 miles every day. They are going to do this as long as they have to, then move out to their jobs.

Up to now, those who should have tried to help our people seemed to favor resorts and scenic areas at the expense of the people, who get nothing out of it. Now, let's get people who want industry, who want people to earn more than 80 cents an hour. If our Mayor wants to see progress in our community, let him make an effort to remedy some of the wrongs. If other communities in our State can do it, we can do it too, if we tried!

The State of Pennsylvania will finance industry up to 100 % in some areas. We should advertise, offer some inducements, form a non-profit development corporation as they did in Bangor, Pa., even as other parts of the State are doing. We have the advantage of being only two hours away from the world's biggest market, good roads and railroad. All we need is some effort by some group who believes in

Robert S. Allen Reports

Naming Of Negro Engages Democrats In New Hassle

Washington, March 17: The long-embattled National Democratic Advisory Committee is embroiled in a new hassle.

This one is over naming a Negro to the group.

Rep. Charles C. Diggs, Jr., Mich., wants to be appointed. He disagrees with the congressional leaders of the party who rejected such membership, on the ground it was inconsistent with their legislative roles. Diggs contends lawmakers should be on the Advisory Committee, and is eager to be put on it.

National Chairman Paul Butler is against that.

The Indianan does see eye-to-eye with Diggs that members of Congress should be on the committee. They are in full accord on this key point. Butler also has nothing against Diggs personally. They are good friends, and he regards him highly.

But Butler draws the line at appointing Diggs as a Negro.

"If we do that," explains Butler, "then we will immediately lay ourselves open to demands from labor, agriculture, this group and that group for membership on this advisory body. That would go directly counter to its purpose and tend strongly to destroy its effectiveness."

In taking this stand, Butler recognizes a problem exists and has a compromise to deal with it.

This is to name subcommittees or special groups to advise the full committee on specific issues and questions. One of these consulting units could be made up of Negroes; another of farmers; another of union leaders; etc., etc.

ator John Kennedy (D., Mass.), whose "Profiles in Courage" is still a best-seller, is working on another book. While 685 cities with populations of 10,000 or more will elect officials this year, only two states have gubernatorial contests—New Jersey and Virginia.

Representative Usher Burdick (R., N. D.), frequent critic of the Administration, probably will be less so from now on. The veteran legislator met Mrs. Eisenhower at a White House reception, and frankly says she "wowed him." Burdick is telling colleagues, "When I came through the reception line, I told the First Lady this was the first time I had seen her in person. So she took a step back and laughingly told me, 'Well, Mr. Congressman, take a good look, because I'm the real McCoy.' I'm telling you she's a fine lady." Representative James Patterson (R., Conn.) has submitted sensational evidence to the House Foreign Affairs Committee that the "Kadar government is conducting mass executions in Hungary and its policy is little short of genocide." Patterson is urging the committee to investigate "these horrible outrages in which thousands of innocent Hungarians are being murdered after phony trials."

Some of the biggest industries in the country are slated for public airing by the Senate Monopoly Investigating Subcommittee headed jointly by Senators Estes Kefauver (D., Tenn.) and Joseph O'Mahoney (D., Wyo.). On their announced probe list are U. S. Steel and other big corporations in that field, the meat packers, chemical companies, auto manufacturers, and giant electric concerns. For this high-powered investigating, due to get underway shortly, Kefauver and O'Mahoney have assembled a staff of experienced anti-trust assistants. Foremost among them are Paul Rand Dixon, veteran trial lawyer of the Federal Trade Commission; John Blair, who has had 20 years' service as a Federal Trade Commission cartel and merger expert; and Watson Snyder, leading anti-monopoly specialist in the Justice Department. Senator Richard Neuberger (D., Ore.), one-time newsman, has made an interesting change in the newsletter he sends constituents. Neuberger is using a new picture of himself and his wife in this weekly publication. He explains the change as follows: "We are getting older. One of us has lost hair and weight, the other has acquired some gray wisps and a few wrinkles."

Little Space In Our Big World

By Jim Riley

Les Abelloff, popular operator of Stroudsburg Garage, found out the other day that the world is really a pretty small place.

Les was filling out a form for a car buyer when he made his discovery.

N a m e — James Farver
Address — 601 Ann St.
Date of birth—Dec. 5, 1917. It was at this point that Abelloff pointed out that this was also his birth day.

A few minutes later Les and Jim discovered that they both had been born in the same house on N. 5th St. One family lived upstairs and the other down stairs.

Yet, they had never met before.

Mrs. John Nyce, Lake Ariel RD 3, celebrated her 86th birthday yesterday, St. Patrick's Day. Friends and relatives held a party in her honor.

Herbert Shellenberger, Delaware Water Gap, discovered seven deer on his lawn last week.

Five crossed Foxtown Hill Road and the other two ran along Kittatinny Road.

Harry Miller, deputy sheriff at the Monroe County Jail, is still out on the sick list.

Everyone wishes the popular law official a speedy and complete recovery.

Bob Clark, sports editor of The Daily Record, is currently enjoying a week's vacation.

Some guys get all the breaks.

Tom Metzgar, 31 Club Court, Stroudsburg, watched his beloved Lafayette eagles take it on the chin at the hands of Syracuse last Friday night.

Tom is one of many area students enrolled at Lafayette.

Ivy Baker Priest, treasurer of the United States, is a close friend of Mrs. Gerald O'Neill, 712 Thomas St., Stroudsburg.

Mrs. Priest appeared on the television program, "This Is Your Life" the other night.

As luck would have it—Mrs. O'Neill's television set wasn't in working order.

Bill Pensyl writes from Portland to tell us that the western show held there recently attracted 707 people.

It was held in the firehouse and was sponsored by the Portland firemen.

The show was so successful that additional ventures of this type are being planned for the future.

Reports from area doctors reveal that most of the Irishmen in the area will recover completely from their St. Patrick's Day escapades.

But, recovery is coming only after a terrific battle.

Try and Stop Me

When Mike started filling his pipe, the little lady sharing a seat with him on the bus plucked nervously at his sleeves. "Pardon me," she stated, "but tobacco smoke makes me very ill."

"In that case," suggested Mike benignly, still filling his pipe, "if I were you, I'd certainly give it up."

Grace Allen gave a very clear picture of her home life to her friend Edie Goetz. "My husband George just dotes on home cooking," explained Grace, "so we invariably go to restaurants that specialize in it."

Paul Hartman rises to inquire, "What do eiks have that no other animals enjoy?"

I thought every body knew that. Parades, of course.

Girl Scouts County Rally Held Saturday

Almost 300 Girl Scouts, representing Brownie, Intermediate and Senior troops all over the county, attended the county-wide rally held Saturday afternoon in the auditorium at Stroud Union High School. The rally, climaxing National Girl Scout week and the birthday of the Founder Juliette Low, was arranged by Mrs. Thomas Larkin, Barrett.

The advance of the colors was presented by Scouts from the Barrett area. Nancy Flory, Stroudsburg, serving as announcer, introduced the County Council, president, Mrs. LeRoy Koehler, who spoke briefly. A film, "The Wider World" was shown, presenting Girl Scout and Guide activities throughout the world. Pictures of the National Girl Scout Round-up were shown by Christine Clark.

Announcement was made of the county Camporee to be held at Camp Lloyd Treble June 14 and 15 to which all leaders, Intermediate and Senior Scouts are invited.

Highlights of the program came with the presentation of international friendship gifts for the Juliette Low Fund with representatives of each troop placing the money in a huge birthday cake, made and decorated by Mrs. Raymond Michener of Barrett.

Girl Scout songs and promises, and a closing friendship circle outside the school closed the program. Alfred W. Munson, principal of Stroud Union High School, and Willard Kintz assisted with the program.

Band Uniform Committee To Consider Bids

The uniform committee of the East Stroudsburg Band Mothers will meet tonight to study the various types of uniforms and to accept bids for the new uniforms for the high school band. The Band Mothers have waged a vigorous campaign to raise funds for the new uniforms.

Gary Berger Given Dinner At Grandmother's

Pocono Lake—Gary Berger, who is eight years old, was given a birthday dinner at the home of his grandmother, Mrs. Edwin Berger on Sunday, March 10.

Those attending were Mr. and Mrs. Jacob Berger of Mountainhome, Mr. and Mrs. Raymond Berger of Bethlehem; Clyde Berger of Easton; Mr. and Mrs. John Berger Jr. and daughter of Honesdale; Mr. and Mrs. Donald Berger of Scranton; Mr. and Mrs. Harley Berger, Mrs. Herman Gable and son of Pocono Lake, Gary's mother, Josephine, Mr. and Mrs. Chauncey Wilton and children of Tobyhanna. Gary received many gifts including a birthday cake presented to him by his aunt, Mrs. Wilton.

Just Between Us

—by Bobby Westbrook

We'll probably save a lot of blood-sweat if you'll read this. It's about postal regulations and lotteries. Lotteries are not allowed to be advertised, promoted, or referred to in matter which goes through the mail.

Many copies of a newspaper go through the mail. Bingo parties, cake walks, door prizes, things that are chance off are lotteries so—Well, so, don't ask.

In case you wonder what is a lottery, you can figure out your own answers. A lottery involves three things: remuneration, a chance, and a prize. Any two of them without the third don't make a lottery.

A hostess entertaining her card club, for instance, may give a hostess prize providing the guests don't pay to get in or pay to take a chance. At a public card party you can give table prizes, even though they paid to get in, because the element of chance is missing. But no door prizes.

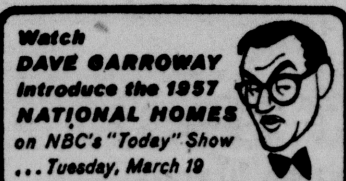

And a lottery is a lottery whether it's for the volunteer fire company or band uniforms or a needy family. And it's still a lottery whether you call it a benefit, a game party, a good and welfare prize or whatever. And we can't mention it in a paid advertisement or a free story.

I'll be glad to repeat all this when you call to give me your next "game" party, but I hope you won't call.

Bangor PTATo Learn How Schools Are Accredited

Bangor—Dr. Trevor Williams, principal of the Bangor Area Joint High School has announced that plans have been completed for the meeting of the Parent-Teachers Association of the school to be held on Monday, March 18 at 8 p. m.

The meeting will feature a panel discussion on "Why Our Public Schools must meet, as an absolute minimum, the standards of an accredited school". Warren Kressler, president of the association will have charge of the business session and the panel will be composed of Kressler as a parent; Thomas Werner, parent; Merle Mabius, member of the Bangor School Board; Arnold F. Wynne, school guidance counselor; Millard Gleim, a member of the faculty who will speak on the state area of interest and Dr. Williams.

The Department of Public Instruction sets up minimum standards as guides for school systems in the Commonwealth and the Middle States Association of Secondary Schools and Colleges composed of 231 colleges and 817 secondary schools also sets minimum standards that the schools must meet for accrediting.

To be accredited a school must meet two sets of standards. It must make a self-evaluation based on evaluative criteria as established by the Middle States Association and secondly it must pass an evaluation made by a committee representing the association.

These factors, Dr. Williams indicated, will be explained to parents and friends of the school at the meeting.

Other features of the program will include an exhibit of the projects to be entered in the Lehigh Valley Science Fair to be held at Muhlenberg College. This portion of the social hour will be in charge of Charles Sandwick of the science department, adviser to the pupils entered in the contest. Members of the Mixed Chorus of the Senior High School under the direction of Miss Mae Eschenbach, directress of vocal music in the school system will also offer several selections.

Pupils in the schools will be given forms this week that they will bring home for parents to sign indicating if they plan to attend the meeting. This is being done in order that refreshments, planned by the home economics department, might be prepared in proper portions.

Luncheon For Povey's 25th Anniversary

PP&L Lists Plans For Expansion

CHARLES E. OAKES, Pennsylvania Power & Light Co. president, yesterday announced that the utility will spend nearly \$24 million this year for the construction of new and the expansion of existing electric facilities. For the five-year period, 1957-1961, according to Oakes, construction expenditures will reach an estimated \$193 million to keep pace with the increasing power requirements of Central Eastern Pennsylvania.

At the same time, the utility president made public the company's plans for a power plant of 330,000 kilowatt watts of capacity to be ready in late 1960.

The new coal-fired unit, which will be twice as large as the largest present unit on the PP&L system, will be located on Brunners Island, 15 miles below Harrisburg on the west bank of the Susquehanna River. The 766 acre site for this new power unit was purchased early last year and has a future potential of installation there of two million kilowatts of capacity.

In reviewing the larger construction projects scheduled for the current year, the utility president pointed out the extension of a 220,000 volt transmission line to the south Akron substation and construction there of a 150,000 KVA substation addition. Another is the start of work on the field steel tube replacement of the remaining one-half of the three and one-half mile-long, 14 foot wood stave flow line from the company's Lake Wallenpaupack to Pennsylvania Turnpike at the site for completion in 1958.

Postponement
In announcing the new power plant, Oakes said that in 1956 the total capacity of the company's system reached the point where reserves were sufficient to allow postponement of the in-service date of the company's next new plant to the announced date. For the first time since 1945, no new generating capacity is presently under actual construction. Anticipated expenditures for 1957 will be almost entirely for transmission, distribution and general facilities with the budget items for generating including only company's work at Martins Creek and engineering for the new unit. Actual construction will not begin until 1958.

The new plant will be of the semi-out-door type and will, in that respect, be similar in design to the Martins Creek station. He further explained that the new unit will be of the latest high pressure type, operating at 2400 pounds per square inch. This is nearly double the pressure of the largest unit now in service for PP&L and promises to be the most efficient ever installed on the company system. The new unit will require more than one-half million tons of coal per year. The project also calls for a large switching station immediately adjacent to the plant and will serve as the tie-in point to the company's 220,000 volt main transmission network.

This new plant will bring a new capacity source directly into the rapidly expanding Harrisburg-Lancaster area. The determination of the location and size of the new unit is the result of careful study of means for assuring over the major part of the next decade, adequate and economical powered capacity throughout PP&L's 10,000 square-mile service area.

"The \$193 million expenditure for the five-years ahead represents, said Oakes, "a substantial stake in the future of the service area in which the company has already spent some \$373 million over the post-war period." These projected construction expenditures are based on completion of the new plant at Brunners Island in 1960 and

Monroe, Pike County Grange Members Hail Passage Of Bill As Victory For Farmers

GRANGE members of Monroe and Pike counties hailed the passage by the Legislature and signing by Governor George Leader of House Bill No. 33 as the end of a long fight on the part of the Grange and a great victory for the farmers of Pennsylvania.

Richard G. Seidof, Master of Monroe and Pike Counties Pomona Grange No. 64, said yesterday: "This bill, drafted by the Grange, provides for a permanent program of refunds to farmers of

Pennsylvania of the tax they pay on gasoline used in farm machinery. This tax has always been unfair and inequitable. Our farmers contribute to the programs of highway construction and maintenance through the license fees they pay on their cars and trucks, through the tax on gasoline used in these vehicles and through real estate taxes on their farm properties. This never was justification for taxing this gasoline used in "off-the-

highway uses" for road building purposes.

Action
"We certainly appreciate the action of the Legislature and the Governor in correcting this inequity."

The Grange has been working for this legislation since 1946 and House Bill No. 33 which with the signature of the Governor becomes Act No. 3 of the 1957 session of the Legislature brings this fight to an end.

Youth Employment Service May Start Sometime This Week

POCONO MOUNTAINS JAYCEES and the County YMCA hope to have a full-time Youth Employment Service job training program under way this week.

Aided by civic-minded businessmen the two organizations will have qualified teaching personnel on hand for a group of five courses.

Next year the Service hopes to have full-scale courses on various occupations. These would be set up through cooperation with the State Employment Service.

When the training program is completed, the Youth Employment Service will be in full operation. Leaders are now cataloging and filing applications which have been received from youngsters.

Courses which will be given, with headquarters at the YMCA include the following:

Course for waiters and waitresses in which the Service has the assistance of Eric Schuchard, manager of the Penn Stroud Hotel; course in basic mechanic's instructions in which Ottmar Thomas will be the assistant; store clerking, with a representative of Wyckoff's Department Store aiding; baby sitting, with Mrs. Inger Miller, YMCA, as the instructor.

The first of the five courses in lifesaving has already begun at the Y. The idea of the Youth Employment Service dates back to November last year when The Daily Record received a letter asking why someone couldn't find work for young people.

First Graders
First graders who have not been enrolled in kindergarten and who will be six years of age on or before Jan. 31, 1958, are to be registered the following week. The schedule follows:

C. M. Bruch Directing Play In Washington

A STROUDSBURG man, Charles M. Bruch, is a principal participant in a major effort to reestablish the dramatic arts in the church in America "to the greater understanding of the people and to the glory of God."

This drama-style is called "Chancel Drama." It originated in France and England during the Medieval Period as an attempt to portray dramatically Biblical stories and the moral implications involved in them.

Title
Bruch is now directing a play titled "Christ in the Concrete City." The play is to be performed in conjunction with the Lenten drama cycle of the Washington Episcopal Diocese. There are nine scheduled performances.

"Christ in the Concrete City" is a one-act drama of the Passion. It portrays the Passion of Christ from three points of view—the actual events, their significance and their timelessness and the modern equivalent of the Crucifixion and Resurrection.

The play is acted in modern dress without setting. Bruch has been active in the resurgence of church drama in Washington D.C. and other sections of the United States in recent years. He is the son of Mrs. Helen Bruch, 341 Main St., Stroudsburg.

Three Conductors To Mark Stroudsburg High Concert

ANNUAL STROUDSBURG High School Band concert will be presented Friday, March 29 at 8:15 p.m. in the school auditorium.

Conductors will be John Pyle and Ralph Harrison. Pyle is head of the high school instrumental music program. Harrison is now teaching vocal and instrumental music in Clearview, Delaware Water Gap and Analomink Schools.

Symphony
Harrison is a graduate of Wilkes College. He formerly taught in the Charles Williams' Studio, Wilkes-Barre. He has played professionally for several years and is a former member of the Wilkes-Barre Symphony.

Sharing the podium with Pyle and Harrison will be a student conductor. He is chosen by the students to represent the senior members of the band on the program.

Engineers Take Stand

WASHINGTON, March 17 (AP)—Army Engineers said today that diversion of part of the water to be stored at the proposed Allegheny River dam at Kinzua, Pa., is not "economically justified."

The statement was made in a letter Sen. Clark (D-Pa.) has received from Brig. Gen. J. L. Person, assistant chief of engineers for civil works.

Clark had asked the engineers to look into the feasibility of supplementing the proposed reservoir with a flood diversion basin in lower New York State. Purpose of the diversion would be to lessen the difference between high and low water levels in the reservoir, which some critics of the project have said could cause objectionable conditions such as odors from exposed mud flats.

Contempt Of Congress

WASHINGTON, March 17 (AP)—U.S. Dist. Judge Richmond B. Keach today rejected the "freedom of the press" defense of William A. Price, New York newspaperman, and convicted him of contempt of Congress.

The diversion basin would have been to the west of the Allegheny River stretching through a low, swampy area toward Jamestown, N.Y., and Lake Erie.

R. L. Mervine Files Petition In Harrisburg

PETITIONS placing the name of Russell Mervine before the Secretary of the Commonwealth as a candidate for the Democratic nomination for President Judge of Monroe and Pike counties were filed Saturday in Harrisburg.

A total of 14 petitions were filed, containing an estimated 950 names of residents from Monroe and Pike, at the office of James Finnegan, Commonwealth Secretary.

The Stroudsburg attorney seeks the Democratic party nomination. He will oppose Judge Fred W. Davis who has cross-filed on both tickets, a privilege allowed to "sitting judges" who have served 12 years or more.

Methodists To Form Clubs For Men

By Paul Carlson
BUCK HILL FALLS — Some 633 Methodist men yesterday agreed to promote tithing in their home churches and to foster the organization of a men's group in every congregation in the Philadelphia Area.

This action was taken at the final business session of the second annual Philadelphia Area Lay Leaders Convocation, held at The Inn here over the weekend.

In adopting a resolution to promote tithing, the delegates noted that the Methodist General Conference has recommended that the denomination strive toward the goal of having 25 percent of its membership contribute at least 10 percent of their income to the Church.

"We here can envision not only increased financial benefit of such an endeavor," the resolution stated, "but blessings untold."

"We recognize that it is more blessed to give than to receive, and that the Lord requires that His own return

unto Him at least 10 percent of that which has been entrusted to their care," it continued.

Recognizing the tithe as their "minimum responsibility," the delegates therefore adopted the recommendation of the General Conference and promised to do "everything in our power to reach the desired goal."

A second resolution observed that the Council of Bishops has recommended that a Methodist Men's Club be organized in every church.

"We recognize the potential power which could be released among the men of our respective conferences," it stated, "and therefore . . . resolve that we adopt the recommendation and will strive toward its accomplishment."

The weekend convocation ended on a high note yesterday morning as all of the delegates rededicated themselves to carry on the work of Christ in their home churches.

Each delegate came forward to the flower-banked chancel to be greeted by his respective conference lay leader after the impressive consecration rites were conducted by Bishop Fred Pierce Corson.

A spiritual note was sounded at the outset of the convocation by G. Wesley Lewis of Pittston, Wyoming Conference lay leader.

The same emphasis was made in the keynote address by Dr. George G. Dilworth, former general secretary of the Atlantic Division of the American Bible Society.

"I believe we stand on the threshold of a tremendous spiritual revival in the churches of our conferences," said Dr. Dilworth. "We must take the Church to our hearts as we have never done before."

Delegates also heard from Dr. J. S. Stafford, Mississippi Conference lay leader, who called upon laymen to take an active interest in the various activities of the church.

"A good church leader cannot be physically lazy, mentally reluctant or spiritually blind," said Dr. Stafford. "Every man who joins a Methodist church has an inherent right to be used by his church."

In other matters, G. Wesley Lewis was elected convocation chairman to succeed G. Stanley Lynch, Philadelphia Conference lay leader.

Others elected are Ralph L. Newing, Kingston, Wilkes-Barre District lay leader, registrar; J. Holland Heck, West Chester, Pa., secretary, and William E. Newhart, Forty-Fort, Pa., treasurer.

The convocation executive committee voted to hold its third annual meeting at Buck Hill Falls next year. However, that meeting will be considered a training conference, rather than a convocation, and delegates will be given more intensive instruction to prepare them to carry on various activities in their home churches.

By Whitney Martin

NEW YORK, March 17 (AP)—Bill Skowron, who was struck so hard by a pitch that didn't hit him—officially—that his thumb was broken, may not be able to open the season for the Yankees, thus leaving the club in a dire predicament indeed.

So alarmed and upset are the local newsmen over the loss of the burly slugger that they practically are wordless. Or down to about 50 words, anyway, in commenting on the incident as a sort of afterthought, as one paper did.

For practically any other club in the American League to lose a man who batted 308 last year and hit 23 home runs would be in the nature of a calamity. Yet Yankee followers dismiss it with a "Too bad, ain't it?" attitude.

First Baseman

Skowron is a first baseman of sorts and a third baseman out of sorts, you might say. That is, he is acceptable at first base, but no great shakes at the hot corner, where he had been working this spring on the chance he would do a good job there and give rookie Marv Throneberry a chance to take over the first base job.

Throneberry whacked 42 home runs and hit for a .315 average for Denver last year, and such a record rates a good trial by any major league club.

It is recalled that when Dixie Walker, the People's Chere, was playing for Brooklyn, every spring there would be stories that he would be traded, that some young fellow was sure to take his job, that he was through, finished, kaput. And who would be in right field when the season opened? Dixie Walker, of course.

Collins' every spring goes through the same ordeal. Everyone but Yogi Berra gets a shot at his job, but after the season opens who is the old standby? Joe Collins, playing a fine brand of ball in the field, getting the big hit when it's needed, and spreading sunshine around the premises with his amiable disposition.

Yep, the Yankees really are in bad shape without Skowron. All they have are Collins and Throneberry at first base, and so many men who can play third that Casey Stengel could pull a name out of a hat and come up with a fellow who would do an adequate job.

In fact, one of Casey's greatest headache preventatives is in having infielders who can take over any one of two or three positions and feel right at home.

That gives him a choice of innumerable lineups, and the whimsical fellow must have a lot of fun dreaming up combinations. He could put Gil McDougald at second, Billy Martin at third and Bobby Richardson at short, or McDougald at third, Gerry Coleman at short, and Martin at second, or Coleman at second, Woody Field at third and McDougald at short. And so on and on. The possibilities are limitless.

About the only athletes, aside from pitchers, who know they will start games in good health are Berra and Mickey Mantle. And you might add McDougald, as he's good enough to be in there somewhere.

With this wealth of material and versatility it's small wonder Skowron's injury fails to cause a ripple in the placid Yankee pool. The outlook for the Bombers is so happy they should be apprehensive. Nothing should be that good.

Chisox Club Cardinals, 12-3

ST. PETERSBURG, Fla., March 17 (AP)—The Chicago White Sox combined three St. Louis Cardinal pitchers for 18 hits today in fashioning a 12-3 exhibition baseball victory.

Larry Doby, Bubba Phillips and Rookie Jim Landis set the pace for the Sox with three hits each that accounted for six RBIs. Phillips had a home run as did Dick Dittus of the Sox.

Cardinal regular Wally Moon went 4-for-4 at plate, including his third home run of the exhibition campaign.

CHICAGO, March 17 (AP)—Unbeatable Ron Delany, who turned in his fastest indoor mile in the Chicago Daily News relays Saturday, says he can go faster but "I honestly don't know if I can run a four-minute indoor mile."

Delany swept to a 4:08.8 victory to set a new relay record and missed the American indoor record by two tenths of a second. It was his 17th straight triumph without defeat, 14 in the mile.

"I could have gone faster," said Delany, who ran the mile in 3:59 outdoors, "but I'm pleased. It's the best indoor mile I've ever run."

Delany could thank an alternate for his excellent showing. Burr Grim, College Park, Md., set a

Pocono To Fight Barrett For Third

BUCK'S SODA Mart and Callie's cagers from Bangor will battle for the Junior Gold Medal Basketball Tournament at the Monroe County YMCA at 8 p.m. today.

The finalists fought their way into the championship round with victories on Saturday. Callie's club was forced to fight off a terrific finishing kick by Pocono to earn a thrilling 60-59 victory. Buck's quintet rolled over Barrett in Saturday's nightcap, 61-39.

Pocono, trailing by 12 points on three different occasions, fought from behind each time, only to bow to the final whistle in a frantic finish.

Callie's club held a five-point lead with one minute to play. Field goals by Norbert Vishnesky and Larry Starnier cut the deficit to one, but time ran out and Callie's club was home the winner.

Scoring

Vishnesky paced the second half surge for Pocono from both an offensive and defensive angle, but the brilliant play of "Jabby" Williams was just too much for the Monroe County contingent.

Williams captured scoring honors with 24 points, while Burdett Peechatka, Paul Frailey and Starnier shared top point laurels for Pocono with 16, 16 and 15 counters respectively.

Big Doug Shook and lanky Adelman paced Buck's club to its easy victory in the nightcap. Each finished with a total of 22 counters.

A 19-point output by Barrett's Reed Gravel failed to save his team from defeat.

Buck's club, showing power in all departments, dominated every period except the third, when both clubs came up with 12 counters.

Buck's five well on offense and threw up an almost perfect defense.

Pocono and Barrett will battle for third place in the tournament field today at 7 p.m.

Senators Win On Homer

BRADENTON, Fla., March 17 (AP)—Jerry Schoonmaker slugged a three-run homer as pinch hitter in the seventh inning today to lead the Washington Senators to a 5-3 exhibition victory over the Milwaukee Braves.

The Senators' Pedro Ramos proved a tough customer, one of the two runs off the Cuban right-hander being unearned. Rookie Garland Shiffert worked the final three innings and the only noticeable damage off him was Johnny Logan's homer in the eighth.

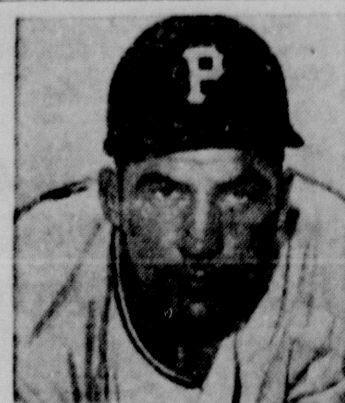

Taylor Phillips was tagged for nine of Washington's 10 hits and was tagged with his second loss of the spring season. Juan Pizarro allowed only one hit and faced the minimum of 12 batters in the first four innings.

Exact Time

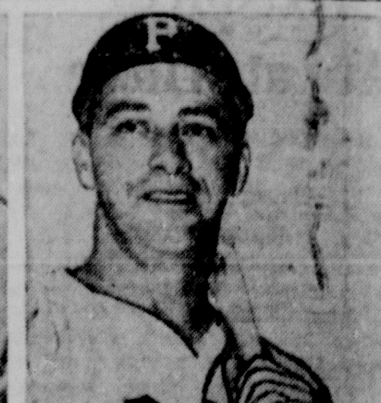

That was the exact time of the three-quarter mark in the Bankers Mile, but Delany only smiled when asked if he could have run the final quarter-mile in .56.

"I honestly don't know if it's possible indoors," said Delany. "After all, a 4:03.8 is far from a four minute mile which is tough enough outdoors."

Bragan Feels Task Easier With Pirates This Season

By Walter L. Johns
Central Press Sports Editor
FORT MYERS, Fla., March 17

—They have 155 people in the Pittsburgh Pirates' entourage here this year, including some 60 ball players, and yet, with a real cut-down problem facing him, Bobby Bragan feels he has an easier task than last year.

The reason? "Last year," says Bragan, the scrappy manager of the Buccaneers, "it was all trial and error. This year it's different. I know where my players can play and what they can do where they play. Last year I was new, the players were new and I wasn't sure what they could do where I placed them. Of course I'll have to admit that our cut-down problems here is acute, but this indicates that we have more good ball players in camp."

Bragan, who took over the faltering Firebreathers last season and became the talk of the baseball world as he led them to first place on June 15 only to sink back to seventh by season's end, is optimistic that the 1957 Pirates, who have been last or second-last for the last six years, will move up this campaign and "give the St. Louis Cardinals a battle for fourth place."

The optimism may be a bit premature for the Corsairs still list only a handful of what might be called major leaguers but from the quantity present Bragan hopes to find the quality needed for a pennant fight.

"Our outfield is solid with Roberto Clemente, Bill Virdon and Lee Walls," said Bobby after a hard practice at Terry Field. "Our infield could shape up good, although we lack speed. We have

Frank Thomas, Dick Groat, Bill Mazeroski and Dale Long. We have speed behind the plate in Danny Kravitz and Hank Foiles and they give us power there, too. And we have a great receiver in Dick Rand.

The bottom spots on our pitching staff," continued Bragan, "are a problem. We have Bob Friend, Ronnie Kline and Vern Law and now, also, Luis Arroyo. We didn't have any left-handed pitching last year and Arroyo gives us that help along with Paul Minner and Bob Kusava and we have two good bonus boys in McLaughlin Pepper and Art Swanson. Bob Garber had arm trouble last year and he should help us."

"If we get a little more depth in pitching, we may give the cards a fight for fourth place." What was the cause of the Buccaneers' drop last season after a sensational start? Bragan still sticks to the 1956 answer: "Long. He was the key to success at the start and the key to our failure at the end."

Long, you may recall, went on a home run spree at the start and the Pirates took off with him, gaining the lead. When he fell down so did the team.

The pitching spots are a key and 26 pitchers are in camp, including several listed on the minor league rosters. Garber won 11 for Hollywood and he could help. Nelson King suffered a sore arm midway last season and Elroy Face had to do all the bullpen work. Face was 11-5 at one time and in the last few weeks of the campaign

the bullpen specialist could win but one game while losing eight.

Swanson, one of the bonus boys on the club, saw hardly any action with the Chicago Cubs last year but pitched in the Mexican league this winter and was a woe with a 16-5 mark. Pepper, former football star, saw little pitching action last year but is a comer.

In the outfield Clemente had a big year, hitting .311 for the Bucs and when Virdon was acquired from the Cards he helped the outer garden. Virdon wound up with .319. Walls, the third outfielder, finished with .274.

Among the outfield candidates is the Babe Ruth of the minor leagues in 1956, Dick Stuart, who hit 66 home runs and drive in 158 markers for Lincoln in a Class A loop. Stuart, who is a bit chesky, has walked them over the fence in Terry Park here but doesn't rank high as a fielder.

Among the first sackers, in addition to Long, is the all-around Paul Smith and a look-see from Hollywood, R. C. Stevens, who has the unusual distinction of being a righthanded hitter and a lefthanded fielder, unique for a first baseman.

In the infield besides the O'Brien boys are newcomers Dick Barone, from New Orleans; Spook Jacobs, up from Hollywood, and a bonus kid from Southern California, Harold Pritchard.

Frank Thomas, the slugging outfielder turned third baseman, will be back at third and Pie Traynor, former Pirate great, is in camp trying to help Frank improve as a fielder and hitter.

ESSTC Star Equals Mark

ANDY LAKATA, junior physical education student at East Stroudsburg State Teachers College, returned last night from Cambridge, Mass., where he successfully defended his title in the 148-pound class at the Eastern Intercollegiate weight-lifting contest.

Competing against nine other contestants, Lakata equalled the 200-pound press record in retaining the title he won last year. The meet was held at the Massachusetts Institute of Technology.

All-America
Lakata was recently notified by the National Collegiate Weight-Lifting Assn. that he had been named to the All-American weight-lifting team by taking first place in the 148-pound class.

Saturday's meet was won by New York University with 22 points, followed by Norwich in second and MIT in third. Lakata's five points gave East Stroudsburg a fourth-place tie with Bridgeport and Northeastern.

North Carolina, Kansas Head For Showdown

The Associated Press
IT TOOK from Thanksgiving to St. Patty's Day to do it, but the National Collegiate Athletic Assn. has set up what's certain to be a roof-raising basketball party at Kansas City's Municipal Auditorium next Friday and Saturday.

There's a semifinal lineup for the NCAA's championship tournament that couldn't have been better from a billing standpoint had the collegiate fathers hand-picked the representatives.

They've got unbeaten North Carolina, the nation's No. 1 team and, after Saturday's 67-58 defeat of Syracuse, holder of the all-time, one season collegiate record of 30 straight victories. There's Kansas rated next best to the Tar Heels in the nationwide Associated Press balloting. There's Michigan State, a team that's been sizzling since the mid-term break. There's San Francisco, NCAA champion the last two seasons and rebuilt by Phil Woolpert into a challenger this year despite the graduation of Bill Russell and K.C. Jones.

Rhubarb
If that weren't enough to fill the auditorium's nooks and crannies, there's a provocative rhubarb over whether the great Kansas sophomore, All-America Wilt (The Stilt) Chamberlain, has been receiving preferential treatment from game officials.

The National Invitation Tournament at New York, moves into its quarter-final stage tonight after a first round that produced victories by Memphis State, St. Bonaventure, Xavier of Ohio, and Dayton.

North Carolina turned to the foul line to defeat Syracuse in the Philadelphia regional of the NCAA tourney. The Tar Heels, with All-America Lennie Rosenbluth scoring 23 points and Tommy Kearns 22, hit on 33 free throws to more than overbalance Syracuse's 24-17 edge from the field.

The Tar Heels next face Michigan State as a result of the Spartans' 80-68 upset of Kentucky in the title game of the Lexington regional. The other Friday pairing is Kansas, an 81-61 winner over Oklahoma City U. versus San Francisco, which won the Corvallis regional by topping California 50-46.

The Spartans, who've won 12 of their last 13 games after a stumbling start, trailed Kentucky 47-36 at halftime, but quickly drew even and then pulled away.

Chamberlain scored 30 points, rebounded brilliantly and blocked several opponent's shots at Dallas but wound up party to charges from Oklahoma City coach Abe Kanakas to be the better team but said officials were so busy protecting Wilt they didn't watch the other players.

"I can't understand it," Lemons said after the game. "If you touch Chamberlain, it's a foul. But if he touches you, it isn't a foul." Spectators joined the storm by tossing cushions and coins on the floor.

Defense and the steady shooting of Gene Brown produced San Francisco's victory over California and gave the Dons a shot at their third straight NCAA title. Brown scored 20 points.

St. Bonaventure and Memphis State showing great speed and 10-NIT opener, the Bonnies upending State showing great speed and determination in edging Utah, 77-75. Xavier of Ohio tabbed itself a team to be watched by defeating Seton Hall 85-79 and Dayton advanced by a 79-71 count over St. Peters of New Jersey.

The four advanced into the quarterfinals against four teams that drew byes. Tonight, St. Bonaventure plays top-seeded Seattle and Memphis State meets Manhattan. Tuesday night, Xavier plays second-seeded Bradley and Dayton plays Temple to complete the lineup for the Thursday semifinals.

Giants Edge Indians, 9-6

TUCSON, Ariz., March 17 (AP)—Pinch-hitter Gail Harris' tie-breaking double with the bases loaded helped the New York Giants to a three-run eighth inning rally and a 9-6 victory over the Cleveland Indians today.

Harris' drive sent in two runs and an error by third baseman Bobby Avila on a grounder by Daryl Spencer brought the third.

Rookies
A pair of Giant rookies, shortstop Andre Rodgers and third baseman Ossie Virgil, slammed back-to-back shots over the left field wall in the fourth inning for the only home runs of the game.

The winners collected a total of 11 hits, Rodgers and Willie Mays each getting three. Rodgers had a single and double in addition to his homer. Mays drove out two singles and a double.

Straub Maintains Lead In Monroe Match Game Bowling

WALLY STRAUB kept a shaky hold on first place in the Monroe County Industrial Match Game Bowling Championship tournament yesterday at American Legion alleys.

Contenders for top spot were shuffled when Oscar Stuckey moved into second and Jack Darr dropped to third.

Straub kept his lead even though he lost a point to Sam Strunk in their match for the day. Straub has led the competition for several weeks.

Crowe Keglers Drop Three To Von Bulow

EASTON—Von Bulow Co. keggers won three points over the C. H. Crowe Insurance Co. team in Delaware Valley Bowling League competition Saturday night in Easton.

Crowe's pennant contender in the league, picked up only one point. This came in the third game when the East Stroudsburg team topped Von Bulow 946 to 929.

The insurance company squad continues its competition next Saturday against Weaver's Plumbing and Heating, at Easton Recreation. Jake Nittel had high match, 651, and high single, 235, in a losing cause.

Yankees Blank Cincinnati

TAMPA, Fla., March 17 (AP)—The New York Yankees shut out Cincinnati today, 9-0, as a sellout crowd of 6,932 was entertained with a great hitting and fielding show.

The Red Legs made a triple play and the Yanks hung up double plays in each of the first five innings. Mickey Mantle exploded homers from both sides of the plate and Andy Carey, Yankee third baseman, hit for the cycle, driving in four runs with a single, double, triple and homer.

The triple play came in the third inning after Gil McDougald singled and Mantle was hit on the leg by a pitched ball. Yogi Berra lined to shortstop Alex Grammas who speared the ball near second base, tagged the bag to retire McDougald and then fired to first to get Mantle.

Bobby Shantz and Bob Grim combined to hurl the shutout.

Eat Your Troubles Away!

Look Fresh When You Reach 40

By Lelord Kordel
Installment 13

125 pounds). Her hair, which helped her to fame, has retained its silken texture and natural, golden highlights.

More than anyone else, Lisa feels she can't afford to short-change her body of the essential proteins, vitamins, minerals. She does not want her skin to pay with sagging tissues and the resulting wrinkles. No amount of make-up can hide a starved skin—and Lisa knows this.

Vitality Of Youth

High-protein breakfasts start Lisa on her busy days as model and mother. Snacks of milk and buttermilk refresh her during the day. Lisa depends on proteins to give her the vitality and speed of youth.

Beauty is more than skin deep in this famous woman's opinion. It is the reflection of optimum health maintained by a nourishing diet.

Famous women who maintain their youth and vitality after their fortieth birthday are many: Ginger Rogers, Vivien Leigh, Mary Martin, Joan Crawford, Lucille Ball, to mention a few.

Mae West, who is past sixty, gives good health the credit for her unusual attractiveness and vitality. She eats nourishing foods, walks a lot every day. Miss West is especially proud of her original teeth, which she has kept in excellent condition.

You can be a real woman in your career, your home, and to the man most important in your life if you have the health and mental attitude to accomplish this.

A real woman must look like a woman. Petal-soft skin, luminous eyes, shiny soft hair, and a curvaceous body—factors contributing to the attractiveness of the fair sex—are external signs of your good health. Basically, these assets are dependent upon the action of your glands. Activation of your glands, in turn, is dependent upon what you eat.

Few women realize that they can invite "spot fat" illnesses to mar their figures by starving their glands. The woman who neglects the health of her glands is the woman who may find herself with an entirely different figure at forty than the one she had at twenty.

Foods To Avoid

Your revitalizing can begin with a high-protein, vitamin, and mineral diet that includes all the foods with the exception of bread and butter, cake, candy, cereals, chocolate, crackers, cream, custard, gravy, ice cream, jellies, jams, noodles, nuts, processed oils for cooking, rice, pastries, potatoes, pudding, sugar, and spaghetti.

Cut out these twenty-two fatteners, and you can lose as much as twenty pounds of fat in thirty days without exposing yourself to wrinkles.

Many a woman of thirty who for years punished her body with inadequate nutrition, wakes up to find she has lost her youth! Her hair turned gray. Wrinkles that creases and packs are unable to erase.

Lelord Kordel's Pep You Up Diet!

If you are seeking that all-over glow your body radiates when you are in excellent health, why not try Lelord Kordel's 15-Day Revitalizing Diet? It is designed to give you the protein, vitamins and minerals your body needs for dynamic living.

Little does she realize that she is one of the 40 per cent of Ameri-

Fonssagrives has, for a good many years, adorned the covers of magazines and infused life into Paris creations. Even the most candid camera shot cannot find wrinkles in her famous face.

Recently Lisa disclosed her age and the secret of her beauty. She, a top professional model, admits to being over forty—yet you can't believe that she is a day over twenty-five!

Becoming the mother of two children has not changed her slender, girlish figure (5 feet 7 inches,

can women who become victims of hormone-starved female organs.

A woman is ruled by her hormones. When she starves the glands that produce them, the hormones will starve the body of the hormones necessary to retain her youth and beauty.

Sex Appeal Of Youth

Sufficient hormones can give a woman the sex appeal of youth even after she reaches middle age. Dr. E. Kost Sheldon of the University of California believes that women with good hormone balance can hold their own with women even twenty years their junior.

Aptly derived from the Greek word meaning "exciting," hormones regulate the body many ways. These glands can produce sufficient hormones only if you eat sufficient food. The food you eat relates directly to the glands.

Dr. Herman H. Rubin, the famous gland specialist, says that the selection of diet, and its influence on the glands, has infinitely more to do with the physical and psychological make-up of an individual than has ever before been recognized.

The sex glands—producers of the protein substances called hormones—are the primary parts of the body which are disturbed by the lack of proteins, vitamins, and minerals in the diet.

Stimulating Glands

Vitamins and hormones are interdependent. Vitamins stimulate all the glands of the body, and particularly reinforce the function of the sex glands.

Important for gland health are the high protein foods: liver, heart and kidney, dark poultry meat, lean beef, lamb and egg yolks.

Few women realize the price poor nutrition can exact from their bodies. The nutritional problems of the adult man are largely concerned with maintaining the body structure built up during his growth period. It is the adult woman who is faced with formidable physical demands.

In the undernourished body, malfunction of the glands can rob women of their beauty, turn them into invalids.

Greta Garbo's Secret

Although Greta Garbo has not been seen on the screen for so many years, her famous beauty is still easily recognizable. Her expressive face with its baby-like peaches and cream complexion and her slim figure cause a flurry of excitement every time she shops.

What is the secret of her seemingly permanent youth? Greta is not secretive about this. She says she has dined almost exclusively on health and dietetic foods and drinks.

Within one generation women have emancipated themselves from secondary roles in a man's world, with their natural handicaps, women must utilize good nutrition even more than their male counterparts to achieve their ambitions. In this lies the secret of true femininity.

Dates Revealed For Comedy At ESSTC

"THE MAN Who Came To Dinner," a three-act comedy by Moss Hart and George Kaufman, will be presented April 4 and 5 at East Stroudsburg State Teachers College.

Mask and Zany, the school dramatic club, is in charge of the production. It is directed by Ralph Smith, associate professor of speech.

The play has become one of the most popular and famous comedies written in America since the turn of the century. Its leading character, Sheridan Whiteside, a sharp-tongued writer patterned after the late Alexander Woolcott, will be played by Richard Hilliard, from East Stroudsburg.

Cast

Others in the cast include the following: Joan Sabatini, Seranton; Barbara Cook, Pemberton, N.J.; Jack Martin, Wilmington; Mary McGroarty, Mahanoy City; Ronald Dietrich, Hamburg; Jennie Mazzeo, Easton; Pamela Harnes, Morton; Linda Wolf, Jonestown; Homer Hadley, Pottstown; Claudette Kier, Philadelphia; Tom Spillane, Tamaqua.
